# Kapildev Surujal

**Email:** kapildevsurujal8@gmail.com | **Phone:** +91 8926173918 | **Location:** Sonepur, Odisha, India

**LinkedIn:** www.linkedin.com/in/kapildev-surujal-97058b298 | **GitHub:** https://github.com/Dk455-sk

## Professional Summary

Entry-level Full Stack Python Developer with hands-on experience building scalable web applications using Python, Django, REST APIs, and relational databases. Experienced in developing authentication systems, RESTful API endpoints, and responsive front-end interfaces using HTML, CSS, Bootstrap, and JavaScript. Strong understanding of Django MVT architecture, ORM, and secure CRUD operations.

## Technical Skills

**Languages:** Python, JavaScript, SQL

**Backend:** Django, REST API Development, Authentication & Authorization, Django ORM

**Frontend:** HTML5, CSS3, Bootstrap, AJAX

**Database:** MySQL, SQLite, MongoDB (Basic)

**Tools & Platforms:** Git, GitHub, Figma

## Internship Experience

**Software Developer Intern – Seeree Services Private Limited**

Apr 2025 – Oct 2025 | Bhubaneswar, Odisha

- Developed backend modules using Python and Django for an Electronic Health Management System.
- Designed RESTful APIs to manage patient records, appointments, and user data.
- Implemented role-based authentication for Admin, Doctor, and Patient users.
- Created secure CRUD operations with server-side validation and database integration.
- Collaborated with developers to debug issues, test application features, and improve performance.

## Projects [github.com/Dk455-sk]

**Online Bank Management System**

- Built a secure banking web application using Python, Django, SQLite, HTML, CSS, and Bootstrap.
- Implemented account management, transaction history, authentication, and session management.
- Designed responsive user interface and backend modules with focus on secure data handling.

**Loan Seeker Consultant System**

- Developed a full-stack web application that allows users to apply for different loan services online.
- Implemented authentication system and role-based access for applicants and administrators.
- Built an admin dashboard to manage loan requests, track approval status, and update records using Django ORM.

## Education

**Bachelor of Technology (B.Tech) – Computer Science & Engineering**
[Einstein Academy of Technology and Management, Khordha,2021-25|CGPA:8.4]
